

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

1 - 8. (Canceled)

9.(Original) A method for monitoring a patient receiving human growth hormone (hGH) as an anti-aging therapy by a specialist in said therapy at a location remote from said patient comprising

evaluating patient medical data entered into a specially programmed computer communicating between said specialist and an on-site health professional to verify that said patient is a candidate for hGH therapy,

directing a dose of hGH to be administered to said patient and monitoring said patient for responsiveness to said administered hGH dose.

10.(Original) The method of claim 9 further comprising a health professional at a location on-site of said patient entering said medical data.

11.(Original) The method of claim 9 further comprising a health professional at a location on-site of said patient administering said dose of hGH.

12.(Original) The method of claim 9 further comprising a health professional at a location on-site of said patient querying said specialist regarding said patient.

- 13.(Original) A system for monitoring a patient receiving human growth hormone (hGH) as an anti-aging therapy comprising
a specialist system accessible to a specialist monitoring said patient in communication with a non-specialist system accessible to a non-specialist
5 administering said hGH,
a memory for storing data, and
a plurality of systems programs stored in said memory and selected from the group consisting of a screening program, a monitoring program, a dose calculation program, a calculated dose verification program, an administered dose
10 verification program, a patient data program, an accessory function program, and combinations thereof.
- 14.(Original) The system of claim 13 wherein said monitoring program monitors the concentration of an analyte selected from the group consisting of insulin-like growth factor 1, testosterone, a thyroid hormone, and combinations thereof.
- 15.(Original) The system of claim 14 wherein the accessory function program is selected from the group consisting of posing and responding to queries, alerting the specialist or non-specialist, prompting for additional information, and combinations thereof.
- 16 - 28. (Canceled)
